

International Student Program Semester Grade Check

Attention Professors: the student presenting this Grade Check as part of the International Student Program. Our students are required to maintain a minimum GPA of 2.0 and also be actively making progress towards their Academic Plan (this includes, but is not limited to attendance to class). In an effort to better assist our students in reaching their academic goals and as part of the college's SSSP initiative, we ask that you provide the student a mid-semester grade which will help us determine if he/she needs additional support to be successful this semester. Please feel free to contact us if you have any questions/concerns. Once again, thank you for your help and support.
